

BUSINESS TERMS AND CONDITIONS OF EQUA BANK A.S. FOR INDIVIDUAL ENTREPRENEURS AND LEGAL ENTITIES

1. INTRODUCTORY PROVISIONS

1.1. Scope of Validity and Changes of the BTC

- 1.1.1. These BTC shall govern the general conditions of all contractual relationships between the Bank and the Customer, which arose as a result of the Banking Services.
- 1.1.2. In addition to the BTC, the individual contractual relationships, which arose as a result of the Banking Services, shall also be governed by the PTC, the Price List, the Interest Rate List and/or the Exchange Rate List as well as specific provisions in the Agreement.
- 1.1.3. The Bank shall communicate every amendment to the BTC to the Customer no later than two (2) months before the day on which this amendment is expected to become effective in writing, by e-mail or through Direct Banking. The Customer shall be authorised to reject the amendment in writing no later than one (1) month prior to the effective day of the amendment to the BTC and such written rejection shall represent a cancellation of the Agreement with a period of notice of one (1) month from the delivery of the written rejection or notice to the Bank, unless a shorter period of notice is stipulated by general law binding for the Bank. Should the Customer not reject the amendment as of the date specified above, the amendment shall be deemed to be agreed to by him/her. The Bank shall specifically inform the Customer of such consequence in the notification of the change of the BTC.

As a rule, the Bank shall introduce amendments to the BTC only in justified cases and within a necessary scope (i.e. legislation or regulatory changes, having an impact on the functioning of the Bank or the cooperation of the Customer or on increasing the efficiency of processes related to the provision of Banking Services).

- 1.1.4. The Customer shall acknowledge and agree to the Bank being entitled to communicate the changes of the BTC, the PTC, the Price List or the Interest Rate List, performed in favour of the Customer (i.e. in particular, an introduction of a new Banking Service the Customer may request, a reduction or a cancellation of a Fee) in the manner specified in Art. 1.1.3 of the BTC also in a shorter time period than that specified in this Article.

1.2. Definition and Interpretation of Terms

- 1.2.1. Should the PTC contain a provision which differs from the BTC, such different provision shall prevail over the BTC. Should the Agreement contain a provision which differs from the PTC, the BTC or the Price List, such different provision shall prevail over the PTC, the BTC or the Price List.
- 1.2.2. Unless otherwise specified in the text of these BTC, capitalised terms used in these BTC shall have the meaning specified in Article 19 or in the individual PTC.

2. BEGINNING AND END OF CONTRACTUAL RELATIONSHIP

2.1. Conclusion of Agreement

- 2.1.1. The Bank and the Customer shall enter the contractual relationship by concluding an Agreement. Unless otherwise defined in the Agreement, the Agreement shall be concluded for an indefinite period of time.
- 2.1.2. The Agreement shall always be concluded in writing either in paper form or using the means of remote communication, in particular Direct Banking. In addition, the written form shall be requested for the Agreement and its amendments only if it is stipulated by general law or expressly agreed in the Agreement.
- 2.1.3. Should the Agreement be concluded in paper form based on the initiative of the Bank to conclude the Agreement, the Agreement shall be deemed concluded when the Customer delivers the signed draft Agreement to the Bank. Should the Customer initiate a conclusion of the Agreement, the previous sentence shall apply mutatis mutandis.
- 2.1.4. Should the Agreement be concluded not in paper form, but using the means of remote communication, and unless otherwise explicitly stipulated, the Customer shall request to conclude an Agreement using an Application for the Provision of a Certain Banking Service; the Agreement shall be deemed concluded when the Bank notifies the Customer of the approval of the Application. The approved Application shall be deemed notified to the Customer when a measure is performed, implying that the Banking Services specified in the Application are available to or can be used by the Customer.
- 2.1.5. Unless a later effective date is stipulated in the Agreement, the Agreement shall become effective as of the day of its conclusion.
- 2.1.6. Should the Customer deliver a signed draft Agreement to the Bank or should the Bank receive consent of the Customer to the draft Agreement containing additions, reservations, restrictions or other amendments, the draft Agreement of the Bank shall be deemed rejected. Thus, the Customer shall submit a new draft Agreement even if such addition, reservation, restriction or another amendment do not substantially change the draft of the Bank. In such a case, the Agreement shall be concluded only if this new draft is confirmed in writing and delivered to the Customer by the Bank.

- 2.1.7. For the purposes of the Agreement on Provision of Payment Services pursuant to the PTC, the Bank shall consider all the Customers to be small enterprises pursuant to these BTC (pursuant to the Payment Services Act). The Customer declares to have been provided the information on the Bank, the Agreement in question, the obligations and responsibility of the Bank and the Customer within the scope stipulated by the Payment Services Act by the Bank in good time before the conclusion of the Agreement or the amendment hereto.
- 2.1.8. Agents, Other Couriers or other third parties whose services may be used by the Bank in connection with the conclusion of the Agreement shall essentially not be entitled to act on behalf of the Bank, i.e. accept consignments or any notifications on behalf of the Bank, unless expressly authorised in writing to do so by the Bank.
- 2.1.9. The Bank shall not be obliged to enter into a contractual relationship with the Customer and shall be entitled to refuse to provide a Banking Service, in particular if the provision of the Banking Service to the Customer and/or any member of the Group of the Customer is in conflict with valid law or regulations binding for the Bank.

2.2. Termination of Agreement

- 2.2.1. The Agreement shall expire when the time period for which it was concluded expires (unless it was concluded for an indefinite period of time) by an agreement between the Bank and the Customer, by a cancellation or a withdrawal, unless otherwise stipulated in the Agreement.
- 2.2.2. The Customer and the Bank shall also be entitled to cancel the Agreement without giving any reason. The period of notice shall begin on the day of delivery of the notice to the other contractual party. Unless a longer period is stipulated in the notice, the period of notice shall end within one (1) month from the day on which it was delivered to the other contractual party. Unless this option is expressly ruled out in the Agreement, the Bank shall be entitled to withdraw from the Agreement if any Event of Infringement occurs.
- 2.2.3. The Bank shall also be authorised to withdraw from the Agreement if, between the conclusion of the Agreement and the period of time in which services should have been provided pursuant to the Agreement, there was a substantial change of circumstances which were significant for negotiating the Agreement and its content as a result of an event which could otherwise represent a circumstance excluding the liability of the Bank. The Customer and the Bank have agreed that the provision in Sections 1764 to 1766 of the Civil Code shall not be applied.
- 2.2.4. The Agreement in question shall be terminated by withdrawal from the Agreement at the moment of delivery of the notification of withdrawal to the other contractual party or later, as defined in the notification of withdrawal from the Agreement. Outstanding claims in connection with the Agreement shall become due on the first Working Day following the delivery of the notification of withdrawal to the other contractual party.
- 2.2.5. Unless otherwise agreed, after the end of the contractual relationship the Bank and the Customer shall be obliged without undue delay to mutually settle their liabilities as of the termination of the Agreement, in particular to pay all due amounts including remaining due loans. In such a case, the Bank shall return a proportionate part of the Fee only when explicitly stipulated by general law or the Agreement. After the termination of the contractual relationship, the Customer shall be obliged to return to the Bank the Payment Instruments, which the Bank or a third party provided to the Customer in connection with the provision of a Banking Service, within the time frames stipulated by the Bank.

2.3. Dependency of Agreements

- 2.3.1. An Agreement may be negotiated as dependent (dependent Agreement) on another Agreement (main Agreement). In this case, the conclusion of a dependent Agreement shall be conditioned by a conclusion of a main Agreement; the termination of the main Agreement shall result in the termination of the dependent Agreement.

2.4. Contractual Claims

- 2.4.1. The Customer shall not be authorised to assign any claim from the Agreement to a third party without a prior written consent of the Bank.

3. BANK SECRET, PERSONAL DATA PROTECTION AND CONSENTS OF CUSTOMER

- 3.1. Pursuant to general law, the bank secret shall apply to all Banking Services. The Bank shall provide the information having the nature of a bank secret to third parties without the consent of the Customer only in the cases and within the scope defined by general law. The Customer agrees to the Bank being authorised to provide information on the size of the secured claim of the Bank to individuals securing such claim.

3.2. Processing of Personal Data

- 3.2.1. The Bank shall process the personal details of the Customers or their Statutory Representatives, Representatives and Authorised Persons in a manner and within the scope arising from the field of its activity. When processing personal details, the Bank shall consistently meet all the requirements set out by general law. The principles of processing personal details by the Bank, including the definition of purposes, legal bases and rights of the Customer or his/her Statutory Representatives, Representatives and Authorised Persons in relation to the protection of their personal details, are described in greater detail

in the document entitled "Memorandum on Processing of Personal Details", provided to the Customers or their Statutory Representatives, Representatives and Authorised Persons upon conclusion of a contractual relationship and made available on the Homepage of the Bank.

4. LIABILITY OF THE BANK

- 4.1. The Bank shall be liable to the Customer for any damage caused to the Customer as a result of the breach of the obligations of the Bank, resulting from general law or the contractual arrangement with the Customer except for situations described further in this part of the BTC.
- 4.2. Should the misconduct of the Customer have contributed to damage (i.e. having failed to provide necessary assistance), the Bank shall not be liable for the damage within the scope corresponding to the scope within which the Customer contributed to its occurrence. The Bank shall also not be liable for the damage within the scope within which it was not foreseeable; an unforeseeable damage shall be damage representing lost income of the Customer or damage which does not occur as an immediate result of breaching the legal obligations of the Bank (subsequent damage).
- 4.3. Should the Bank fulfil its contractual conditions in accordance with the requests of the Customer by giving a certain request received from the Customer to a third party that will perform it on its own account on behalf of the Customer or should the Bank use the services of a third party to perform the request, the Bank shall be liable for the damage which arose as a result of the activity of such third party to the Customer, unless the Bank selected such third party with due professional care. Should the third party have been selected by the Customer, the Bank shall not be liable. Should it improve the position of the Customer when seeking compensation of damage from a third party, the Bank shall assign the relevant rights against the third person to the Customer.
- 4.4. The Bank shall not be liable for the damage if it resulted from a circumstance excluding liability pursuant to Section 2913 (2) of the Civil Code. A circumstance excluding liability shall also be an unexpected development in financial markets, a defect of the remote communication means used by the Customer or the Bank (i.e. a defect of the internet connection or software) as well as a failure of any other technical means not caused by the Bank.
- 4.5. The Bank shall be authorised to refuse to perform a Banking Service if this could result in a conflict of interest between the Bank and the Customer or between various Customers, a breach of a legal obligation of the Bank to act prudently or another breach of general law.
- 4.6. The Bank shall be authorised to postpone a performance of a Banking Service for a period of time necessary to verify the data and facts specified in the documents provided to the Bank by the Customer in connection with the Banking Service.
- 4.7. The Bank shall not be liable for the damage incurred to the Customer as a result of a request made by the Customer or in connection with actions based on trust in another communication of the Customer. The Customer shall compensate the Bank for any damage, liability, raised claim or costs (including costs for legal assistance), incurred to the Bank in connection with its due actions based on the request of the Customer.
- 4.8. Unless it is otherwise explicitly stipulated, the Bank shall not be liable for any losses incurred to the Customer as a result of a movement of exchange rates and interest rates during the provision of Banking Services.
- 4.9. The Bank shall not be liable for damage caused by unlawful actions of the Customer or a third party (e.g. if it was provided with a forged principal or if it was otherwise deceived).
- 4.10. The Bank shall not be liable for any losses, damages, costs or expenses incurred to the Customer as a result of the Bank fulfilling the request made using Security Features (regardless of the fact whether the request was made by the Customer in person or whether it was made with his/her consent or authorisation or whether it was made without such consent or authorisation); the Customer shall compensate the Bank for any losses, damages, costs, expenses and fees (including the full expenses for legal representation), incurred to the Bank as a result of such a request; this shall not apply in the case of Payment Orders.
- 4.11. Unless it is otherwise stipulated by law, the Bank shall not be liable for consequences of the decisions and procedures of the Customer, not even if they were performed in the light of the opinion of the Bank. The Bank shall not be liable for the business of the Customer or the purpose of use of the funds.
- 4.12. The Bank shall not be obliged to inform the Customer beyond the information obligations resulting from general law as well as the obligations which the Bank explicitly contractually confirmed of usual risks associated with the requested Banking Service (i.e. the risk of loss) or other facts which may be substantial for the Customer to decide whether and which respective Banking Service he/she will use.
- 4.13. Should the Bank establish that any communication or confirmation delivered to the Customer was incorrect as of the date of its issuance, the Bank shall inform the Customer hereof without undue delay; should this occur after the expiration of the time period, the Customer shall be authorised to request the Bank to document such error.

5. ACTIONS OF CUSTOMER, REPRESENTATION, SIGNING

- 5.1. The Customer takes legal actions in relation to the Bank in person (if an individual entrepreneur is concerned) or through his/her Statutory Representative (if a legal entity is concerned). Unless otherwise defined by the Bank, the Customer may also be represented by a Representative.
- 5.2. The Representative shall be obliged to document his/her authorisation to act on behalf of the Customer by presenting the original Power of Attorney, a court decision or another document which the Bank considers sufficient.
- 5.3. For the purposes of acting on behalf of the Customer to the Bank, the Power of Attorney must be particular, written, sufficiently specific, granted and signed by the Customer in person, in the case of a legal entity by individuals acting on its behalf (Statutory Representative, Representative). The signature of the Customer on the Power of Attorney must be certified or verified in another usual manner (i.e. by a banker using the original when negotiating a Banking Service). Should the Power of Attorney fail to meet the requirements above or should the Bank doubt the existence, authenticity or validity of the Power of Attorney, the Bank shall be authorised to reject such Power of Attorney.
- 5.4. Should the Representative have documented his/her authorisation to act on behalf of the Customer to the Bank, the Bank shall also be exempt from any of its obligations to the Customer and shall provide services to the Representative to the Account of the Customer if a performance within the scope of his/her authorisation is concerned; in the case of doubt, the authorisation shall relate to all Banking Services.
- 5.5. The Customer shall be authorised to withdraw or change the authorisation of the Representative at any time and shall inform the Bank of such step without undue delay in a written notification. The withdrawal or change of scope of authorisation shall become effective to the Bank when the Bank is provably informed of such change.
- 5.6. Should the Agreement with the Bank be concluded by several individuals on the part of the Customer or the provider of security, unless otherwise explicitly stipulated in the Agreement, these individuals shall be jointly and severally obliged and authorised by the Agreement. In such a case, the Bank shall also be exempt from its obligation to perform if it provides performance to any of these individuals to the full extent, even if it is a divisible performance; this shall apply also in relation to any other obligation of the Bank (e.g. information obligation). Individuals with a joint contractual obligation shall be obliged to mutually inform each other without undue delay of all facts which are substantial for the contractual relationship with the Bank.
- 5.7. The Bank may always request that the signature of the Customer, his/her Statutory Representative or Representative, which has not been made in front of the employee of the Bank be certified.
- 5.8. Should the Bank conclude a Distance Agreement with the Customer, the Customer expresses his/her will to conclude such Agreement by means of an authorisation pursuant to Article 14.3. of the BTC. For the purposes of this method of concluding an Agreement, the Customer shall explicitly agree to the form of his/her authentication and authorisation specified in Article 14.3. of the BTC.
- 5.9. The Customer may define Authorised Persons who are authorised to dispose of the funds in the Accounts of the Customer based on a respective authorisation resulting from the Agreement. Unless it is otherwise explicitly stipulated in the Agreement, the respective Authorised Person may dispose of the funds in the Account in person.
- 5.10. The authorisation of the Authorised Person to dispose of the funds in the Account of the Customer shall expire by the Customer withdrawing such authorisation or by the respective Authorised Person cancelling such authorisation.

6. COOPERATION OF CUSTOMER

- 6.1. The Customer, his/her Statutory Representative or Representative shall be obliged to prove their identity at any time the Bank requests them to do so before concluding the Agreement with the Bank and then during the Agreement. The Customer shall be obliged to provide the Bank with a document of association and his/her legal existence. Should a Customer at a stage before association be concerned, the Customer shall present an original or a certified copy of documents evidencing his/her due association, i.e. Memorandum of Association or Articles of Association, or provide additional information and documents as requested by the Bank set out in particular pursuant to the Anti-Money Laundering Act. The Bank may request documentation of the origin and the source of funds or documentation of the purpose and the nature of the intended or performed transaction.
- 6.2. The Customer shall be obliged to notify the Bank without undue delay of the following facts:
 - (a) Any change of his/her name or business name, address of business or seat or other data provided to the Bank in connection with the Agreement or any change of the Agreement or during the provision of any Banking Service;
 - (b) Expiration of the authorisation of the Representative or any authorisation which has been granted and which may be used when negotiating with the Bank or a change of the person of the Statutory Representative which has not been entered in the Commercial Register or another public register or a similar foreign register yet;
 - (c) Any facts and changes which may be reasonably assumed to have a significant impact on the Banking Services (e.g. loss or theft of identity document, Payment Instruments);

- (d) Any changes or events which may be reasonably assumed to have a negative impact on the ability of the Customer to meet his/her obligations to the Bank (e.g. existence of outstanding liabilities, insolvency proceedings, entry into liquidation), regardless of whether these facts are specified in the publicly accessible register (i.e. in the Commercial Register) or not;
- (e) A fact resulting in him/her, having a special relationship with the Bank pursuant to the Act on Banks.
- 6.3. The Customer shall always be obliged to become informed of the content of every message delivered him/her by the Bank (including messages sent him/her through IB) without undue delay. In the case of Account statements, statements of loan accounts, confirmations of Payment Transactions and similar messages, the Customer shall be obliged to check whether the data specified herein are correct and complete and immediately notify the Bank of any established discrepancies. The Customer shall also inform the Bank without undue delay of the fact that a regular Account statement or a similar periodic communication has not been delivered to him/her within the usual time frame.
- 6.4. For the purposes of the Act on International Cooperation in Tax Administration, the Customer shall be obliged to inform the Bank during the signature of the Framework Agreement whether the Account of the Customer is an American account. Should the Customer fulfil the condition of the American account during the Framework Agreement, the Customer shall be obliged to inform the Bank of such fact without undue delay. The Customer hereby explicitly declares to have had the opportunity to carefully read the Foreign Account Tax Compliance Act (FATCA) on the website of the US tax authority www.irs.gov as well as the documents published on the website of the Czech Financial Administration <http://www.financnisprava.cz/cs/mezinarodni-spoluprace/mezinarodni-zdanovani-prime-dane/fatca> and to understand the meaning of these documents.
- 6.5. As of the day of every single banking business performed with the Bank, the Customer declares not to be a politically exposed person pursuant to the Anti-Money Laundering Act. Should a change connected with this position of the Customer occur during the Framework Agreement, the Customer shall be obliged to inform the Bank of such fact without undue delay.
- 6.6. The Customer who is not a tax resident of the CR or is deemed to be the notified person for another reason based on the Act on International Cooperation in Tax Administration shall acknowledge that the Bank shall be obliged to provide relevant financial bodies of the CR with information on his/her Accounts (i.e. in particular the information on the balance and the overall size of interest income along with the identification data on the person of the Customer or his/her beneficial owners pursuant to the Act on International Cooperation in Tax Administration) for the purposes of its provision to the tax bodies of the country where, according to the available information, the Customer and/or his/her beneficial owners are or could be tax residents pursuant to the Act on International Cooperation in Tax Administration. This provision shall not apply to tax residents of countries outside the European Union with which the CR has not concluded the respective agreement or arrangement enabling the international exchange of information for tax purposes.
- 6.7. Should a Customer who is not a tax resident of the CR request that his/her entitlement to a more favourable tax arrangement, resulting from the Double Taxation Treaty binding for the CR, be applied, the Customer shall be obliged to provide the Bank with a confirmation of tax residency from the respective contractual country, where the competent tax authority confirms his/her tax residency for the purposes of the Double Taxation Treaty between the respective country and the CR. In the case of a rather significant volume of paid interest or in the case of any doubt, the Bank shall also be entitled to request a declaration of the Customer that he/she is the beneficial owner of the interest income and that this interest income paid to the Customer by the Bank is considered his/her income according to the tax law of the respective contractual country.
- 6.8. The Customer shall be obliged to provide the Bank with a confirmation of his/her tax residency upon request of the Bank, issued by the competent tax authority, even after a termination of the contractual relationship with the Bank.
- 6.9. The Customer shall be obliged to immediately inform the Bank in writing of the change of his/her tax residency and related facts (e.g. change or assignment of tax identification number).
- 6.10. The Customer shall be liable for any damage incurred to the Bank as a result of the application of an incorrect withholding tax based on false, incomplete or outdated information on his/her tax residency provided by the Customer or due to a failure to fulfil any of his/her obligation specified herein.
- 6.11. The Customer shall be obliged to duly archive all forms, data media and communication means provided him/her by the Bank and to handle them with due care. Should the Customer establish an extraordinary event such as a loss, theft, misuse or an unauthorised use of forms, data media or communication means, the Customer shall be obliged to immediately inform the Bank thereof in writing. The Customer shall be liable for damage and all other consequences resulting from the unauthorised use of the forms, data media or communication means until the Working Day following the day on which the Bank receives the respective notification from the Customer. Any forms of the Bank provided to the Customer by the Bank in electronic form may not be in any way amended by the Customer without the consent of the Bank (except for filling the requested data where specified).

7. MUTUAL COMMUNICATION

- 7.1. All requests, orders and notifications (messages) addressed by the Customer to the Bank must be legible and must unequivocally specify their content. Should the Bank have agreed special formalities of certain messages with the Customer, the message must contain these formalities.
- 7.2. The Customer and the Bank shall use the following communication means for mutual communication: consignments delivered

by the Holder of Postal Licence, personal delivery or e-mail delivery, fax and SWIFT, Direct Banking, and Customer Centre; the Bank shall also use services of Other Couriers. In the Agreement with the Bank, the Customer may agree on the use of other suitable communication means.

- 7.3. The Bank shall communicate with the Customer within the scope and in the manner stipulated in the Agreement also electronically (including the telephone and text messages). To enable mutual communication, particularly in relation to providing information concerning the Account balance and liabilities of the Customer to the Bank, the Bank may request that the Customer use Security Features assigned by the Bank or to be set by the Customer in Direct Banking. The Customer shall be responsible for the protection of Security Features. The Bank shall not be liable for losses and damages caused by misuse of the assigned Security Features. Unless it is otherwise specified in the Agreement, the Customer shall acknowledge that the communication between the Bank and the Customer is not encrypted or otherwise secured against access of third parties. The Customer shall acknowledge and agree that the Bank shall not have or assume liability for any damages caused as a result of an unauthorised access to electronic communication by a third party.
- 7.4. Unless the Customer and the Bank otherwise explicitly agree, the Bank and the Customer shall communicate in the Czech language. The Bank may also accept communication in another language in justified cases without a prior agreement, but always only within the scope defined by the Bank.
- 7.5. The Bank shall be authorised to request that the communications provided to the Bank by the Customer in a form other than written be additionally confirmed to the Bank in writing. Should the Customer fail to send the written confirmation to the Bank, the Bank shall not be obliged to proceed pursuant to such communication.
- 7.6. Should the communication of the Customer fail to contain the requirements of the Agreement for its form or content, the Bank shall not be obliged to proceed pursuant to such communication; instead, the Bank may contact the Customer and request a due confirmation or provision of additional information; the Bank shall not be liable for damage incurred as a result of such delay.
- 7.7. The Customer expressly agrees to the Bank being authorised to contact him/her by telephone between the hours of 8.00 and 22.00. Furthermore, the Customer agrees to the Bank being authorised to record any communication between the Bank and the Customer using any available technical means. In addition, the Customer agrees to the Bank archiving all records of communication performed by the Bank for an adequate period of time, and at least for the duration of any Agreement. In addition, the Customer agrees to the Bank making records of communication with the Customer even without any prior notification. In doing so, the Bank shall be obliged to protect the recorded data against their misuse.

8. DELIVERIES

8.1. Deliveries to Customer

- 8.1.1. The Bank shall send all notifications and documents to IB or to the business address or seat of the Customer, specified in the respective Agreement, or to the data box of the Customer (or to an address notified by the Customer later). The Customer and the Bank may agree that the notifications and other documents by the Bank may be sent to the Customer also to an address other than the address specified in the respective Agreement. The correspondence address shall be agreed by the Customer and the Bank at a Point of Sale in person; alternatively, the Customer may set it in Direct Banking. The Customer may only use one correspondence address to communicate with the Bank.
- 8.1.2. Should the Customer fail to accept documents at these addresses, the Bank shall be authorised to use the address specified in the Agreement or another available address of the Customer to deliver them.
- 8.1.3. In the cases when it is usual, the Bank shall be authorised to replace the signature of persons authorised to act on behalf of the Bank by mechanical means, particularly in the case of a bulk correspondence with Customers or a correspondence which is automatically generated by the Bank (e.g. Account statements, statements of loan accounts, dunning letters, notifications of a failure to perform a Payment Order, notices or other notifications for the Customer).
- 8.1.4. The Bank shall be entitled to send notifications and documents to the Customer also by fax, e-mail or using other technical means.

8.2. Deliveries to Bank

8.3. Moment of Delivery

- 8.3.1. The consignments shall be deemed delivered when they become available to the Customer or another addressee, and:
- (a) Unless the contrary is proven or it is otherwise agreed, written communications in paper form, delivered by a Holder of Postal Licence, shall be deemed delivered on the third (3) Working Day in the case of a domestic consignment, on the tenth (10) Working Day in the case of a consignment to European countries and on the fifteenth (15) Working Day in the

case of a consignment to countries outside Europe from the day of dispatch; this shall also apply to consignments which are returned as undeliverable;

8.3.3. The Customer shall acknowledge that the Bank shall send the Customer consignments in paper form using a Holder of Postal Licence usually by a regular (not registered) mail.

9. SUBMISSION AND STORAGE OF DOCUMENTS

9.1. When the Agreement, the BTC, the PTC or another provision between the Bank and the Customer requests that the Customer provide the Bank with a certain document, the Bank shall not be obliged to accept a document drafted in a language other than the Czech language, unless it is otherwise agreed in the Agreement with the Customer. In other cases, the Bank shall be authorised to request that, upon submission of a document in a language other than the Czech language, the Customer also submit the Bank a certified translation of such document into Czech.

9.2. Furthermore, the Bank shall be authorised to request that compliance of any copy of an original document submitted to the Bank along with its original be certified.

9.3. The Bank shall reserve the right to make copies of the submitted documents for its own need in accordance with general law and to store them in accordance with general law.

9.4. Should the Customer provide the Bank with any documents issued abroad, the Bank shall reserve the right to request that these documents be legalised (higher authentication) or certified (Apostille) at the expense of the Customer pursuant to the Hague Convention Abolishing the Requirement of Legalisation for Foreign Public Documents of 1961. The previous sentence shall not apply, should the document have been issued in a country with which the CR has concluded a bilateral agreement acknowledging documents.

9.5. In the case of doubt, the Customer and the Bank shall work on the presumption that records and documents stored by the Bank and generated in a regular operation during the provision of Banking Services shall be decisive to determine the scope of mutual rights and obligations and shall have the decisive probative force; this shall not apply if they were unequivocally proven to be false to the Bank.

9.6. The Bank shall be authorised (but not obliged) upon its discretion to record or otherwise note all the requests of the Customer and the Customer shall agree to the Bank being authorised to use these recordings or records or their transcription, the Bank made for any reason, for the purposes the Bank considers suitable, also as evidence in a procedure against the Customer or a third party.

10. SETTING OFF, SECURING AND PRESCRIBING CLAIMS

10.1. The Customer agrees to the Bank being authorised to set off its due as well as undue claims against the Customer at any time, regardless of the currency in which they are denominated as well as the legal relationship from which they arise, against any due and undue claims of the Customer to the Bank, maintained by the Bank in any of the Accounts of the Customer. The Bank shall provide information of such a step in a suitable manner. Unless it is otherwise explicitly agreed, the Customer shall not be authorised to unilaterally set off his/her claims to the Bank against any of his/her debt to the Bank.

10.2. The Bank shall be authorised at any time to request that the Customer provide the Bank a sufficient security, be it along with the existing security, or to secure a liability which was not secured earlier, within the scope based on the expert evaluation of the Bank, necessary to ensure amortisation of all outstanding liabilities of the Customer to the Bank, even though such liabilities have restricted conditions or a time frame or have not become due yet. With the consent of the Bank, the Customer may also fulfil the obligation pursuant to this Article using a security provided by a third party.

10.3. The Customer shall safeguard that all the assets and rights as well as the enforceability of claims provided to secure a liability in favour of the Bank be preserved. The Customer shall be obliged to inform the Bank in writing without undue delay of the changes of value or saleability of the provided security and the Bank shall have the right to verify the value and saleability of the provided

security at any time during its claim. The Customer shall maintain records and documents in a transparent manner, highlighting all securities provided to the Bank, making it obvious that the Bank is the lien creditor of the provided security.

- 10.4.
