

## Instructions for setting up regular e-mail notifications with disponible balance in the Internet banking

1/ In **Notifications** section, choose **Notifications setting** and select the preferred type of notification.

The screenshot shows the Equa bank internet banking interface. The user is logged in as Tadeáš Kopecký. The 'Notification' icon in the top right is highlighted with a blue box. Below it, the 'Notification settings' dialog box is open. The 'Type of alert' dropdown menu is open, showing the following options: 'balance regularly' (selected), 'balance change on account', 'incoming payments to account', 'outgoing payments from account', 'notification about card activation', 'notification about new card creation', 'notification about card PIN change', 'notification about card limits change', 'notification about adding/removing account to/from card', 'notification about card block/unblock', 'notification about card authorization', and 'notification about card expiration'. A blue 'Confirm' button is located to the right of the dropdown menu.

2/ Select Current account and click **Confirm**.

The screenshot shows the Equa bank internet banking interface. The user is logged in as Tadeáš Kopecký. The 'Notification' icon in the top right is highlighted with a blue box. Below it, the 'Notification settings' dialog box is open. The 'Send' dropdown menu is set to 'balance regularly' and the 'For account' dropdown menu is set to '1011564623 (CZK) - Běžný účet'. A blue 'Confirm' button is located at the bottom right of the dialog box.

3/ Set the parameters of the selected notifications on the following screen:

- / In section **Alert conditions** select **Disposable balance** notification with daily frequency.
- / "Disposable balance" gives you the actual balance on your account
- / Set the first date when the notification is to be sent.
- / In section **Contact channels** select **e-mail to e-mail box** and enter your **current e-mail address**.

The screenshot displays the Equa bank user interface. At the top, the user is identified as Tadeáš Kopecný with a Logout option. A navigation bar includes icons for Review, Single payments, Standing payments, Pending payments, Mortgage, Loans and Overdrafts, Savings, Cards, Insurance, Notification, Messages (with a 2 unread message indicator), and Settings. The 'Settings' tab is active, showing 'Notification settings' for account 1011564623 (CZK) - Běžný účet. The 'Alert conditions' section is expanded, showing 'Send every' set to 'day', 'at' set to 'HH:MM', and 'the current level of' set to 'disponible balance'. The 'Date of first alert sending' field is empty. The 'Contact channels' section is also expanded, showing 'Send' set to 'E-mail to e-mail box' with an empty input field. A 'Back' button is on the left and a 'Submit' button is on the right. In the background, the 'My accounts' section shows 'Běžný účet' with a balance of 100.11 CZK. An 'Info box' at the bottom right states: 'The statement confirmed by the bank is service charged according to the current Equa bank Price List.'

All e-mail notifications are **free of charge**.
